We choose this qualification because it offers exceptional flexibility. The programme can be tailored to the strengths of each performer, with a wide range of units that allow us to personalise learning. For example, learners can replace a vocal unit with a tap unit if that better suits their skills and interests.

This makes the RSL Diploma an ideal progression route into higher education.
The two-year course provides sufficient UCAS points to apply for degree-level study:

Distinction Star – 168 UCAS points
Distinction – 144 UCAS points
Merit – 96 UCAS points
Pass – 48 UCAS points

We have many students who have successfully progressed onto degree courses after completing the Diploma, and the qualification is fully recognised on the UCAS application system.
